

## Seniors Walking in FSCJ Graduation

High school seniors eligible to graduate with an Associates degree should receive an email in early April.

If you are graduating with an Associates degree during high school, you have accomplished something amazing. Harvest strongly encourages you to take part in the commencement ceremony honoring your academic achievements. You will need to purchase a cap-n-gown from the FSCJ bookstore.

Students need to visit advising to have a graduation check completed. At this time a degree audit will be processed and a Permission to Walk form will be signed by advising. The form then needs to be signed by Dean Davis.

Once it is signed by the Dean, the student is approved to walk. The actual Associates diploma will not be mailed to you until about 6 weeks after high school transcripts have been received and processed by FSCJ.

Be sure Harvest guidance sends your transcript as soon as possible after high school graduation.
